CITY AND COUNTY OF HONOLULU)	RESOLUTION NO. 89-1

FINDINGS OF FACT

The Council of the City and County of Honolulu ("Council"), having considered a proposal to amend the General Plan of the City and County of Honolulu, hereby makes, concurrent with its adoption of Resolution No. 89-1 and in accordance with the requirements of Section 5-413(2) of the Revised Charter of the City and County of Honolulu 1973, as amended ("Charter"), the following findings of fact:

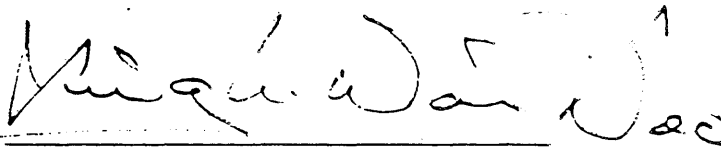

FINDINGS

1. This amendment was initiated by the City Council to add two new policy statements to Objective B in the section on Public Safety to develop civil defense plans and programs and to provide educational materials on civil defense preparedness, fire protection, traffic hazards and other unsafe conditions.
2. The Chief Planning Officer reviewed the amendment for its consistency with the existing statements in the General Plan and the Hawaii State Plan. The Chief Planning Officer, in Communication dated and transmitted to the Planning Commission ("Commission") on November 21, 1988, recommended that the amendment be approved.
3. On December 7, 1988 the Commission held a public hearing on the proposal and in a letter dated December 14, 1988, transmitted its findings and recommendation for approval through the Mayor to the Council.
4. On December 27, 1988, the Council received the Commission's recommendations. On January 3, 1989, Resolution No. 89-1 was introduced and, at the Council meeting held on January 25, 1989, Resolution No. 89-1 was laid on the table as required by Section 5-412(1) of the Revised Charter.

5. On February 3, 1989, Resolution No. 88-1 was advertised once in a daily newspaper of general circulation in the city as required by the Revised Charter.
6. On February 15, 1989, the Council held a public hearing on the proposal as required by Section 5-413(2) of the Charter.
7. On March 1, 1989, the Council's Committee on Planning recommended that Resolution No. 89-1 be reported out for adoption and that the Findings of Fact attached thereto be adopted as the findings of the Council.

CONCLUSION

Based on the foregoing findings, and having considered the recommendations of the Chief Planning Officer and the Planning Commission, the Council finds that the amendment is consistent with the objectives and policies of the General Plan and the Hawaii State Plan, and complies in form and content with the applicable requirements of the Revised Charter.
